About Star Trek New Voyages

Star Trek New Voyages is the continuing voyages of Captain Kirk and the crew of the U.S.S. Enterprise, NCC-1701 as seen in the 1966-69 television series, Star Trek. The series was cancelled after its third season and this film project restarts the series as if it were in its fourth year. James worked with original series and Next Generation costume designer, William Ware Theiss. Over the years James, has amassed a huge collection of set pieces, props and costumes with one goal in mind: reclaiming the spirit of Trek. Max Rem joined the dream with his artistic talents and together the co-producers have put together a team that has brought back the Roddenberry spirit, ideals and philosophy to Star Trek.
